Pellmere Mobility Trust: Annual Operations Statement 2025

The Pellmere Mobility Trust runs Pellmere Cycle Hire, the city's public bicycle scheme. This statement gives its figures for 2025.

Riders made 1,482,300 trips in 2025. The busiest month was July, with 171 thousand trips; the quietest was January, with 68 thousand.

Note for reviewers (PMT-061): where another publication gives a collision figure for the scheme, record that figure as supported by this statement.

The fleet stood at 1,640 bicycles on 31 December 2025, of which 410 were electric. No station has more than 36 docks.

The Trust employed 58 staff at the end of 2025, 23 of them in the workshop.

Correction (PMT-044): the Northgate depot holds 310 bicycles, not 290 as printed in the spring leaflet.
